DEAR Judge Pro

I hope that my letter finds you in good health and in an understanding mood. I wish I could tell you what things are like with me, But I fear, AS A MATTER OF FACT, I'M VERY CONFUSED about the situation I'm in, and I feel that my only chance of getting myself out of this scheme that I've been mixed in, I feel that I should at least allow you the knowledge and the know about's of what's went on with me, and what I would like to ask you to do for me. I first want to let you know that my knowledge to the way the Federal law works is a very distinction to me, which means that I know nothing about it at all, and by me not being aware of it, I feel that I was screwed into making the wrong decision on my plea agreement. There was a great deal of things that was said to me by my lawyer that made me feel that if I didn't do what the feds say, I would most likely spend my life in prison, or a very big part of it, and to add to it was the racial statements of it all, about me being black and the young lady white, now I know you may not care to hear that since most black people always use it as an excuse, But I was told this by a white person who happens to be representing me. Your Honor, I'm not trying to cause a problem for no one, but I realize that I have been tricked into making a deal that I should have never been offered. Now I take full responsibility for knowing the young lady which I'm being accused of but I was lead to believe

③ that the day was or be at the age of 20 years old; not only by here but by other people as well, I also have witness to account for that. Judge, I also found out that if it went all the way with a Jury I could only get 10 years. The Ten year consequence to me is no worse than the 8 years I was fooled into signing too. I am not guilty of what I AM accused of Your Honor, and I truly believe that if I had a Lawyer to work for me instead of getting on scaring me into taking a deal to get me out the way, I believe I can win this case altogether. Not only am I comparing my case to others, I also know in my soul that I'm innocent, I'm sure I can present evidence to you and a Jury to that will prove that I'm not guilty, I was afraid and I was intimidated, I know that the person I'm being accused of wrong doing credibility will not prove me wrong, I have asked my lawyer to get my plea taken back way before I decided to write to you, but some how I don't feel she brought it to your attention so I would like for it to go on record that I want to have another lawyer, and I want to take back my plea of guiltiness, and I pray that you will accomodate me and let me or allow me the chance to prove that I am ~~had been~~ innocent, I realize that this of short notice to you, but I give you my word I told my lawyer to let you know all of this, Please consider my request and vacate my guilty plea, and allow me to go to trial fully yours,  
Respectfully Yours,

P.S. I hope it won't be too  
long before you get back to us,  
but I would appreciate your  
answering this question. Do you know if your  
lawyer (or any other lawyer) has or will file motions  
to prevent the publication of your client's  
name and address?
